October 26-27, 2026

Venue:
New Delhi, India

Theme:
Shaping the Future of Food Quality, Health &
Safety

INVITATION

Dear Attendees,

We are glad to announce the “**International Conference on Food Chemistry, Nutrition and Safety**” to be held in **New Delhi, India Oct. 26-27, 2026** organized in collaboration with generous support and cooperation from enthusiastic academicians and Editorial Board Members. Food Chemistry aims at sharing new ideas and technologies amongst the professionals, industrialists and students from research areas of International Conference on Food Chemistry, Nutrition and Safety. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

International Conference on Food Chemistry, Nutrition and Safety Food Chemistry amid **October 26- 27, 2026** at **New Delhi, India** This consolidates incite keynote presentations, Oral talks, Poster presentations and Exhibitions.

Sincerely,
Food Chemistry 2026

ABOUT CONFERENCES

Food Chemistry 2026 Scientific Committee is honored to welcome you all to attend International Conference on Food Chemistry, Nutrition and Safety which will be held during oct 26-27, 2026 at NewDelhi, India, Food Chemistry 2026 will raise the most dynamic and latest issues in the field of Food Chemistry Congress. The Congress will highlight the discussion around the theme “Shaping the Future of Food Quality, Health & Safety” by bridging the gaps between the intellectuals from across the globe to enlighten their research and findings at Food Chemistry 2026. The highlights of the conference presents a fantastic line-up for many international experts such as Professors and Ph.D Scholars from academia, Clinicians, R&D Scientists, CEOs, CROs, CMOs, Director, President from Pharmaceutical Companies, Manufacturers, Distributors and Suppliers of Drug Delivery Technologies, Business Entrepreneurs, Health professionals & Pharmacist, Quality control specialist. It provides interdisciplinary platform to present and discuss the most recent innovations, trends as well as practical challenges encountered and solutions adopted in the fields Food Chemistry

Food Chemistry 2026 Salient Features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How wrg conferences differs from others?

- 300+ Conferences across the globe in 150+ countries all through the year
- Over 10 Million+ Visitors and 2000+ Unique Visitors per conference
- Participation from various international societies
- Internationally renowned speakers and scientist’s representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through.
- Bringing together the world’s Business Experts to catalyze and advance scientific knowledge about International Conference on Food Chemistry, present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services

ABOUT CONFERENCES

► Objectives

- After participating in this meeting, attendees should be able to learn new things.
- Discuss emerging issues in Food Chemistry
- Discuss and apply recent research findings related to Food Chemistry.
- Reflect on the place of critical distance in Food Chemistry.

► Who should attend?

Academicians including Professors, PhD. Scholars, Students carrying out Nano Pharmaceutical and technology and The conference is of interest to all those in the Continuing Education/Professional Development experience, including pharmacists, developers, sponsors, faculty, regulators, government, professional associations, pharmaceutical industry, communication companies, and allied health care providers and organizations from around the world

► Food Chemistry 2026 salient features

- Chemistry of Food
- Technology in Food Chemistry
- Food Processing, Preservation and Packaging
- Food safety, security and Sustainability
- Food Analysis and Quality Control
- Recent Innovation in Food Chemistry
- Probiotics and Prebiotics
- Food Waste Management, Public Health and Food Safety
- Nutraceuticals
- Chemical Composition of Food and chemical Additives of Food
- Food Microbiology and Its Toxicology
- Biotechnology and Nanotechnology In Food
- Chemical Fermentation Technology
- Environmental Impacts on Food Production and Consumption
- Food Adulteration
- Food authenticity and integrity
- Organic chemistry
- Food physical chemistry
- Food Nanotechnology
- New and rapid methods for food chemistry

► Goals

Wide Research Guide is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies.
